

GUYANA FORESTRY COMMISSION

INVITATION FOR BIDS/PROPOSALS

Consultancy Post: Remote Sensing and GIS Consultant (Forest Area Assessment and Change Monitoring – Year 2)

The Government of Guyana has embarked on a national programme that aims to continue to maintain and enhance the protection and sustainable management of Guyana's forest, in an effort to reduce global carbon emissions and at the same time attract resources to foster growth and development along a low carbon emissions path. The initiative will require the continued building of capacities for monitoring, reporting and verification (MRV) in the forest area assessment and change monitoring, building on the initial assessment in 2010.

The Guyana Forestry Commission, on behalf of the Government of Guyana, requires the services of an experienced Remote Sensing and GIS Consultant/Firm to execute the work outlined in the Terms of Reference.

If your organization/person is interested in bidding for this project, please do the following:

Submit a 5-10 page project proposal to the Guyana Forestry Commission by 29th August, 2011 to:

**Mr. James Singh
Commissioner of Forests
Guyana Forestry Commission
1 Water Street, Kingston, Georgetown, Guyana, South America**

Or by email to: Email address: Guyanaforestrycommission@yahoo.com

Full terms of reference, additional background information, required deliverables, and application process for this post are available at www.forestry.gov.gy
